State of Alaska DNR/Forestry - Special Use Permit

The State of Alaska DNR/Forestry is requesting a Special Use Permit for 30,000 square feet for aircraft loading and parking related to firefighting activities.

The Special Use Application and the \$100 application fee was received on March 2, 2020. The Division of Forestry is current in all fees owed and a current Certificate of Insurance is on file.

The Special Use Permit is effective April 1, 2020 through September 30, 2020.

Does Commission recommend Council approve the Special Use Permit to the State of Alaska DNR/Forestry?

SPECIAL USE PERMIT 2020

The CITY OF KENAI (City) grants to STATE OF ALASKA DEPARTMENT OF NATURAL RESOURCES/DIVISION OF FORESTRY (Permittee), whose address is 550 W. Seventh Avenue, Suite 1450, Anchorage, AK 99501-3566, a Special Use Permit to conduct aeronautical and/or aviation-related activities at the Kenai Municipal Airport subject to the requirements and the conditions set forth below.

- 1. Premises. Permittee shall have the non-exclusive right to use 30,000 square feet as described in the attached diagram shown in the attached Exhibit A for the uses identified in this Permit.
- 2. Term. The term of this Permit shall be for six months commencing on April 1, 2020, and ending on September 30, 2020. Regardless of the date of signature, this Permit shall be effective as of April 1, 2020.
- **3. Permit Fees.** Permittee shall pay the following fees for the privileges extended to Permittee under this Permit:
 - A. Permit: Permittee shall pay a monthly fee plus applicable sales tax as follows:

April	\$ 2,602.50
May	\$ 2,602.50
June	\$ 2,602.50
July	\$ 3,025.00
August	\$ 3,025.00
September	\$ 3,025.00

- B. Proximity Card for Gate Access: In addition to the general permit fee, Permittee shall pay a deposit of One Hundred Dollars (\$100.00) for the use of each proximity card issued to Permittee by City to allow for gate access to the Airport to conduct the uses permitted hereunder. City shall refund this deposit to Permittee when the card is returned to City. City may exercise a right of offset to apply the deposit to any outstanding balance due to City from Permittee at the termination of this Permit.
- C. Other Fees: City may assess additional fees for aviation or aviation support activities and uses not defined in this Permit. If a fee has not been established for those activities or services, a fee will be established by the Airport Manager.

Payment shall be directed to City of Kenai, ATTN: Finance Department, 210 Fidalgo Avenue, Kenai, AK 99611 and a courtesy notice of payment provided to Airport Administration at 305 North Willow Street, Suite 200, Kenai, AK 99611. All permit fees

are payable in advance of each month unless otherwise provided. In the event of delinquency, interest at the rate of 10% per annum, and penalty of 10% shall also be due (KMC 1.75.010). Interest shall accrue from the date due until the date paid in full. Failure to timely make payments is grounds for termination of this Permit. (See ¶ 22, Termination).

4. Use. City authorizes Permittee's non-exclusive use of the Premises for the following purpose(s):

Aircraft loading and parking. NOTE: This permit does not guarantee the exclusive use of the area identified in Exhibit A. City reserves the right to re-assign Permittee, upon reasonable notice, to other areas as airport needs may require.

Permittee shall have the right of ingress and egress to the Airport using only designated gate access locations (which may require a proximity card) for the use of the Premises. This Permit, and any access rights allowed hereunder, are for Permittee's use only and may not be transferred or assigned.

Use of the Premises by Permittee is subject to the reasonable administrative actions of the City of Kenai for the protection and maintenance of the Premises and of adjacent and contiguous lands or facilities and is further subject to the following conditions:

Permittee acknowledges that the use granted herein is subject to the Kenai Municipal Code and municipal regulations governing the Kenai Municipal Airport and as those laws and regulations may be amended from time to time.

Solicitation of donations or operation of a business or other commercial enterprise not contemplated by this Permit is prohibited without the written consent of City.

No person may repair an aircraft, aircraft engine, propeller, or apparatus in an area of the Airport other than that specifically designated for that purpose by the Airport Manager or designated representative. The Airport Manager or designated representative reserves the right to designate reasonable areas where aircraft owners may perform services on their own aircraft.

5. Airport Operations. Permittee shall ensure that the Permittee, its employees, and guests, and anyone else acting by, on behalf of, or under the authority of Permittee on the Airport, that perform any repairs or activities authorized under this Permit act in a manner that ensures the safety of people and the Airport, the protection of public health and the environment, and the safety and integrity of the Airport and any premises on the Airport. Permittee shall employ qualified personnel and maintain equipment sufficient for the purposes of this provision. The Permittee shall immediately notify City of any condition, problem, malfunction, or other occurrence that threatens the safety of the Airport, the safety

Special Use Permit—DNR/Forestry (Parking)

of persons using the Airport, the public health or the environment, or the safety or integrity of any premises on the Airport.

- 6. Inspection. The Federal Aviation Administration (FAA) and/or City shall have the right and authority to inspect, at any time for any purpose whatsoever, the Premises as well as any and all equipment used by the Permittee under this Permit.
- 7. Coordination with Airport Management. Permittee shall coordinate all activities on the Airport with Airport Management, or a designated representative, and shall abide by all reasonable decisions and directives of the Airport Management regarding general use of the Airport by Permittee.
- 8. Radio Transmitting Equipment. Permittee shall discontinue the use of any machine or device which interferes with any government-operated transmitter, receiver, or navigation aid until the cause of the interference is eliminated.
- 9. Insurance. Permittee shall secure and keep in force adequate insurance, as stated below, to protect City and Permittee. Where specific limits are stated, the limits are the minimum acceptable limits. If Permittee's insurance policy contains higher limits, City is entitled to coverage to the extent of the higher limits.
 - A. Commercial General Liability insurance, including premises, all operations, property damage, personal injury and death, broad-form contractual, with a peroccurrence limit of not less than \$1,000,000 combined single limit. The policy must include an endorsement under which the insurer extends coverage to Permittee's fuel handling activities. The policy must name the City as an additional insured.
 - **B.** Worker's compensation insurance with coverage for all employees engaged in work under this Permit or at the Premises as required by AS 23.30.045. Permittee is further responsible to provide worker's compensation insurance for any subcontractor who directly or indirectly provides services to Permittee under this Permit.
 - C. Commercial Automobile Coverage with not less than \$1,000,000 combined single limit per occurrence. This insurance must cover all owned, hired, and non-owned motor vehicles the Permittee uses on the Airport. The policy must name the City as an additional insured.
 - **D.** All insurance required must meet the following additional requirements:
 - i. All policies will be by a company/corporation currently rated "A-"or better by A.M. Best.

Special Use Permit—DNR/Forestry (Parking)

- ii. Permittee shall submit to the City proof of continuous insurance coverage in the form of insurance policies, certificates, endorsements, or a combination thereof, and signed by a person authorized by the insurer to bind coverage on its behalf.
- iii. Permittee shall request a waiver of subrogation against City from Permittee's insurer and the waiver of subrogation, where possible, shall be provided at no cost to City.
- iv. Provide the City with notification at least 30 days before any termination, cancellation, or material change in insurance coverage of any policy required hereunder.
- v. Evidence of insurance coverage must be submitted to City by April 1, 2020. The effective date of the insurance shall be no later than April 1, 2020.

City may increase the amount or revise the type of required insurance on written demand without requiring amendments to this Permit. City will base any increase or revision on reasonable and justifiable grounds. Within two weeks of the written demand, Permittee shall submit to City evidence of insurance coverage that meets the requirements of the City.

- 10. Assumption of Risk. Permittee assumes full control and sole responsibility as between Permittee and City for the activities of Permittee, its personnel, employees, and persons acting on behalf of or under the authority of the Permittee anywhere on the Airport. Permittee shall provide all proper safeguards and shall assume all risks incurred in its activities on and access to the Kenai Municipal Airport and its exercise of the privileges granted in this Permit.
- 11. Indemnity, Defend, and Hold Harmless Agreement. Permittee agrees to fully indemnify, defend, and hold harmless, the City of Kenai, its officers, agents, employees, and volunteers from and against all actions, damages, costs, liability, claims, losses, judgments, penalties, and expenses of every type and description, including any fees and/or costs reasonably incurred by the City's staff attorneys and outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), to which any or all of them may be subjected, to the extent such Liabilities are caused by or result from any negligent act or omission or willful misconduct of the Permittee in connection with or arising from or out of Permittee's activities on or use of the Premises, Permittee's access to the Kenai Municipal Airport, and/or Permittee's exercise of the privileges granted in this Permit. This shall be a continuing obligation and shall remain in effect after termination of this Permit.

Special Use Permit—DNR/Forestry (Parking)

12. Fuel Spill Prevention and Response Plan. Areas of the apron have been seal coated to protect asphalt from adverse effects of petroleum product spills. The City requires that Permittee provide adequate absorbent materials and tools available on the Premises and at the airport in order to maintain a fuel spill and response capability. Permittee shall be liable for any damage caused by and costs associated with any spill, the cleanup of any spill, or the discharge of petroleum products or hazardous materials due to Permittee's use of the apron and/or use of the Airport.

Permittee shall provide to City an acceptable fuel spill prevention and response plan and will maintain fuel spill and response capability. Permittee further agrees to have a copy of the fuel spill prevention and response plan located in the Permittee's fuel dispensing equipment at all times. Permittee must comply with the Airport's Storm Water Pollution Prevention Plan as appropriate to Permittee's activities.

Permittee shall not store any personal property, solid waste, petroleum products, Hazardous Material as defined by 14 CFR § 171.8, hazardous waste (ignitable, corrosive, reactive, or toxic) or any hazardous substance on any portion of the Airport. Permittee is aware that there are significant penalties for improperly disposing of the Hazardous Materials and other waste and for submitting false information regarding Hazardous Materials, including the possibility of fine and imprisonment for knowing violations.

Permittee shall immediately remove the material in the event of spillage or dripping of gasoline, oil, grease, or any other material which may be unsightly or detrimental to the pavement or surface in or on any area of the Airport.

Permittee may not construct or install any above-ground or underground fuel storage tanks or dispensing systems at the Airport.

No person shall smoke on an aircraft-parking ramp, inside an aircraft hangar, or within 50' of any aircraft fuel facility or fuel truck.

Permittee is subject to FAA Advisory Circular 150/5230-4 Aircraft Fuel Storage, Handling, and Dispensing on Airports, the National Fire Protection Associations' "Standard for Aircraft Fueling Servicing" in NFPA 407 (1996 version), and the current version of the International Fire Codes. All inspections of fuel facilities, by City or other regulating entities to which Permittee is subject, shall be conducted to assure compliance with the fire safety practices listed in these referenced documents.

13. Hazardous Substances and Materials. Permittee shall conform and be subject to the requirements of 14 CFR § 139.321 regarding the handling and storage of hazardous substances and materials.

Special Use Permit—DNR/Forestry (Parking)

- 14. No Discrimination. Permittee shall not discriminate against any person because of the person's race, creed, color national origin, sex, age, or handicap. Permittee recognizes the right of City to take any action necessary to enforce this requirement of the Permit. Permittee will furnish services provided under this Permit on a reasonable, and not unjustly discriminatory, basis to all users of the Airport and shall charge reasonable, and not unjustly discriminatory, prices for each product or service provided at the Airport.
- 15. Licenses and Permits. Permittee shall obtain and maintain all required federal, state, and local licenses, certificates, and other documents required for its operations under the Permit. Permittee shall provide proof of compliance to City upon request by the City.
- 16. Compliance with Law/Grant Assurances. This Permit, and Permittee's activities conducted under this Permit, is subject to all executive orders, policies and operational guidelines and all applicable requirements of federal, state, and City statutes, ordinances, and regulations in effect during the term of this Permit. Further, Permittee shall comply with all applicable requirements imposed on the Airport by federal law to ensure that the Airport's eligibility for federal money or for participation in federal aviation programs is not jeopardized. This Permit is subordinate to the City's grant assurances and federal obligations.
- 17. No Exclusivity. The privileges granted under this Permit are not exclusive to Permittee. City has the right to grant to others any right or privilege on the Airport.
- **18. Assignment.** The privileges granted under this Permit are personal to Permittee and may not be assigned by Permittee.
- 19. No Joint Venture. City shall not be construed or held to be a partner or joint venturer of Permittee in the conduct of its business or activities on the Premises or elsewhere at the Kenai Municipal Airport.
- 20. No Waiver. Failure to insist upon a strict compliance with the terms, conditions, and requirements herein contained, or referred to, shall not constitute or be construed as a waiver or relinquishment of the right to exercise such terms, conditions, or requirements.
- 21. Personalty. Permittee shall remove any and all personal property, including all vehicles, from the Premises at the termination of this Permit (or any renewal thereof). Personal property placed or used upon the Premises will be removed and/or impounded by the City, if not removed upon termination of this Permit and when so removed and/or impounded, such property may be redeemed by the owner thereof only upon the payment to the City of the costs of removal plus storage charges of \$25.00 per day. The City of

Kenai is not responsible for any damage to or theft of any personalty of Permittee or of its customers.

- 22. Termination; Default. This Permit may be terminated by either party hereto by giving 30 days advance written notice to the other party. City may terminate the Permit immediately, or upon notice shorter than 30 days, to protect public health and safety or due to a failure of Permittee to comply with condition or term of this Permit which failure remains uncured after notice by City to Permittee providing Permittee with a reasonable time period under the circumstances to correct the violation or breach.
- Airport fees is a condition of this Permit and, as such, failure to timely pay landing and other airport fees is grounds for termination. Without limiting the foregoing, Permittee shall pay landing fees for aircraft landings as set out in the City's comprehensive schedule of rates, charges and fees. Permittee shall make payment within 30 days following the end of each month and without demand or invoicing from City. Permittee shall also provide Airport Administration with monthly certified gross take-off weight reports within ten days following the end of each month for landings for the preceding month. Airport landing fees shall be paid at the Airport Administration Building, 305 North Willow Street, Suite 200, Kenai, AK. 99611.
- 24. Impoundment. At the discretion of the Airport Manager, City may impound any aircraft parked on the Premises after termination of this Permit. Impoundment may be accomplished by affixing a seal to the door of the aircraft or the moving of the aircraft for impoundment purposes. Inconvenience or damage that may result from such movement will be at the risk of Permittee. An impoundment fee plus a towage fee shall be charged on each aircraft impounded. In addition, a daily storage fee shall be charged for each day the aircraft remains impounded. Any impounded aircraft that is not redeemed within 90 days after impoundment shall be considered abandoned and shall be subject to sale at public auction. Notice of any auction shall be published. Publication shall be in a newspaper of general circulation in that area for at least once during each of three consecutive weeks not more than 30 days nor less than seven days before the time of the auction.
- 25. Definitions. As used in this Permit, "Permittee" means <u>State</u>, <u>Department of Natural Resources</u>, <u>Division of Forestry</u>, and where the context reasonably indicates, its officers, agents, and employees. "Airport" means the Kenai Municipal Airport.

MEMORANDUM

TO: Airport Commission and Mary Bondurant, Airport Manager

THROUGH: Paul Ostrander, City Manager

FROM: Elizabeth Appleby, City Planner

DATE: March 2, 2020

SUBJECT: Action/Approval – Schilling Rentals, LLC Lease Application for Lot 5A,

Block 1, FBO Subdivision

On February 13, 2020, Schilling Rentals, LLC (Schilling Rentals), submitted an application to the City for a Lease of Airport Reserve Lands for the property described as Lot 5A, Block 1, FBO Subdivision 2018 Replat. The property is located at 413 N. Willow Street, Kenai, AK 99611, and the Kenai Peninsula Borough parcel number is 04336049. The application requests a term of 45 years, with an investment amount of approximately 1.2 million dollars. Pursuant to the term table in Kenai Municipal Code (KMC) 21.10.080 (b), the City and the applicant are in agreement to a term of 45 years. Pursuant to Kenai Municipal Code 21.10.075 – Leasing and Acquisition of Airport Reserve Lands, Competing Applications, the City posted notice of the lease application and has not received a competing lease application for the parcel.

The applicant states that the use of the premises will be a hangar for rotor and fixed wing aircraft with crew quarters. After the construction of the hangar is completed, it is expected that Guardian Flight, LLC will operate on the premises. Guardian Flight provides emergency medical flights. Schilling Rentals, LLC is current on rent payments and obligations to the City.

The parcel is within the Airport Light Industrial (ALI) Zone per Kenai Municipal Code (KMC) 14.20.065. The intent of the ALI Zone is to protect the viability of the Kenai Municipal Airport as a significant resource to the community by encouraging compatible land uses and reducing hazards that may endanger the lives and property of the public and aviation users. The proposed use by Schilling Rentals is a permitted use in the ALI Zone and is a compatible land use. The availability of emergency medical flights will be an asset to public health and safety.

Page 2 of 2

Action/Approval – Schilling Rentals, LLC Lease Application for Lot 5A, Block 1, FBO Subdivision

The proposed use by Schilling Rentals complies with the 2016 Imagine Kenai 2030 Comprehensive Plan. It supports Goal 5-Transportation, which has a vision for Kenai Municipal Airport as a gateway to the Kenai Peninsula and West Cook Inlet.

Does the Airport Commission recommend the City approve a lease application from Schilling Rentals, LLC for Lot 5A, Block 1, FBO Subdivision Replat for the use of medical flight fixed-base operator for a term of 45 years? The City Council will be notified of the Airport Commission's decision as part of their evaluation of the lease application. The Airport Commission makes their decision on lease applications based on the proposed development's compliance with the Airport Land Use Plan, Airport Layout Plan, Federal Aviation Administration regulations, Airport Master Plan, Airport Improvement Program grant assurances, and Airport operations.

Thank you for your consideration.

January Mid-month Report

<u>2018 Terminal Rehabilitation Project – Construction:</u> The Brothers Café will reopen on January 9, 2020; all restrooms are open, the flooring is close to completion, temporary walls are down, and the north departure doors should be open in the next 10 days. The ceiling installation is scheduled for mid-January. New advertising displays are ordered and should arrive in February 2020. The USFW and State Parks staff will be on site Monday, January 6, to inspect their new area at the north end and develop display ideas.

2019 Alaska Fire Training Facility Rehabilitation & Acquire Aircraft Rescue and Firefighting Trucks (ARFF) – Project is moving forward with the ordering of two new ARFF vehicles from Oshkosh in January 2020.

In-house Activities -

<u>Airport Operations</u> – Mother Nature continues to throw some difficult weather at us; especially on the holidays this year. Operations staff worked long and hard to ensure aircraft operations were safe. There were no issues.

<u>Airport Administration</u> – Airport staff gathering information for the FY21 budget, working on the development of the new City-wide Land Management Plan, and the Airport's Capital Improvement Program.

<u>January 22-24, 2019 FEMA Visit</u> – FEMA, State of Alaska, and Air Operations Planners and representatives will be in Kenai on January 22, 2019 to conduct an airfield assessment in preparation of writing Statewide Emergency Response Plans.

<u>2018 Terminal Rehabilitation Project – Construction:</u> Things are rapidly changing in the terminal with the install of the lights, ceiling, carpet and flooring. Tenants are also seeing the install of ceiling tiles in their offices.

<u>2019 Alaska Fire Training Facility Rehabilitation & Acquire Aircraft Rescue and Firefighting Trucks (ARFF)</u> – The Building work still continues with the replacement of the interior lighting and boilers will be installed as time allows. The Training equipment concrete work continues under a tent with plans to hook up the SAFT equipment. Project is scheduled for completion in April 2020.

In-house Activities -

<u>Airport Operations</u> – Operations staff continues to work diligently removing the snow and ice received this winter. The Airport has received many compliments and much appreciation from the pilots for their efforts.

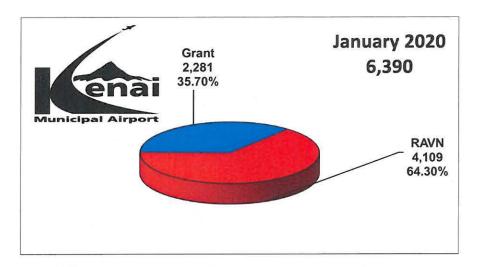

<u>Airport Administration</u> – Airport is working with City Administration on the FY21 budget, development of the new City-wide Land Management Plan, Airport's Capital Improvement Program, Efficiencies Report, Airline Operating Agreement, and Management Agreement for the Alaska Regional Fire Training Facility.

March 4 & 5, 2020 – Airport Manager and Assistant will be attending the SOA/DOT & PF 17th Annual DBE & Contractors Conference in Anchorage.

March 16 & 17, 2020 – The TSA-mandated annual inspection at the Kenai Airport is scheduled for March. The Airport Security Plan, Emergency Control Plan, and Vetting Process will be reviewed in addition to inspections at the airlines, Kenai Police Department, and airfield perimeter tour.

INTRODUCTION

The City of Kenai's five year Capital Improvement Plan (CIP) is developed by the Public Works Department in coordination with City departments, Administration, Boards and Commissions, and the City Council for the purpose of long-range capital improvement planning and budgeting. A capital improvement project is typically a one-time expenditure, usually, in excess of \$35,000, that has a useful life exceeding one year or is a major project such as a comprehensive or master plan. Capital projects on existing assets are included in the CIP, provided they meet the definition of a capital project. Projects can focus on immediate needs or anticipate future needs before critical failures.

The CIP is divided into six parts based on the City Fund in which the project would be accounted for. These include the Airport Fund, General Fund, Water & Sewer Fund, and Senior Citizens Fund, Congregate Housing Enterprise Fund, and Personal Use Fishery Fund. Projects are listed in priority order for each Fund by fiscal year. A map identifying project locations is also included.

Projects that are identified in the CIP are included for planning purposes and to recognize a need. Not all projects receive the necessary funding to accomplish them in a projected year, which is why the list is updated annually. Many projects are dependent on non-City funding sources, which the City can expect to seek, but are not guaranteed. The availability of outside funds can vary with local, state and federal economies, and the City's needs can, and do, change frequently.

Administration

Operating Budget Impact: Significant Decrease

YEAR:	2021	2022	2023	2024	2025
COST:	\$2,000,000				

Details:

This project will construct an approximately 6,400 square-foot sand and snow removal equipment storage building to allow the Airport to screen and stockpile sand for winter usage and store sand and snow removal equipment. A sand and snow removal equipment storage building will lengthen the useful life of the equipment.

RUNWAY PROTECTION ZONE LAND ACQUISITION

YEAR:	2021	2022	2023	2024	2025
COST:	\$290,000				

Details:

This project will reconstruct 2,318-foot of roadway, widen it to 24 feet, provide drainage ditching, remove existing deteriorating asphalt, stabilize sub-base, compact, and pave. Wildwood drive provides access to the Wildwood Correctional Facility, and the City requires ownership and site control prior to proceeding with upgrades, which have been needed for at least 40 years. The City is currently working with the Kenai Native Association to gain site control for the road the City has maintained for decades. The City will pursue shared funding for this project with the Department of Corrections.

Operating Budget Impact:

Slight Decrease

YEAR:	2021	2022	2023	2024	2025
COST:	\$58,000				

Details:

This project replaces older control components with new, as well as recommissions existing heating, ventilation, and air conditioning (HVAC) controls system. The Library had major improvements completed approximately 10 years ago, and older areas of the library continue to struggle with maintaining set-point temperatures.

YEAR:	2021	2022	2023	2024	2025
COST:	\$43,000	\$104,000			

Details:

This project replaces network equipment when it reaches the end of its useful life. The City has a large inventory of network equipment, including routers, switches, wireless access points, firewalls, and telephone equipment. This equipment has a lifespan of between 5 and 10 years, depending on the type of equipment. Because an equipment failure can be catastrophic to the operation of City services, this plan will proactively replace network equipment when it reaches the end of its useful life.

YEAR:	2021	2022	2023	2024	2025
COST:	\$125,000				

Details:

This project constructs a permanent Americans with Disabilities Act (ADA) compliant restroom with a water and sewer connection at the Kenai Little League Complex. Water and sewer currently exist at this location. Portable restrooms are rented by several user groups each summer to facilitate their respective programs. A permanent restroom facility would eliminate reoccurring rental costs for the City and various user groups.

Department: Library

Total Project Cost: \$132,000

Project Phased: Yes

Project Type: Technology

Funding Source(s): Grant Dependent

Potential Grant Identified: Rasmuson Tier 2

Operating Budget Impact:

Slight Decrease

YEAR:	2021	2022	2023	2024	2025
COST:	\$132,000				

Details:

This project would tag every item in the Library collection with a machine-readable tag and include four new staff stations for check out and in of material. Currently staff check each item out one at a time. The use of Radio-frequency Identification (RFID) technology would reduce staff and customer error in checking items in and out which would result in efficiencies. The automatic sorters would reduce the amount of staff work and time.

YEAR:	2021	2022	2023	2024	2025
COST:	\$60,000				

Details:

The project provides physical access control for all City-owned network infrastructure. The National Cybersecurity Review (NCSR) lists physical access to network equipment as a serious threat to cybersecurity. This project would secure all network equipment in a locking enclosure. It will also consolidate wiring locations at the Senior Center from three to one.

SUMMARY OF IRAN-RELATED TERRORISM THREAT TO THE U.S. HOMELAND

- Iran likely views terrorism as an option to deter or retaliate against its perceived adversaries. At this time, we have no information indicating a specific, credible threat to the Homeland; however, we remain concerned about Iran's potential to carry out cyber attacks. Additionally, Iran and its partners, such as Hizballah, have demonstrated their capability to conduct various operations in the U.S.
- The U.S. designated Iran a "State Sponsor of Terrorism" in 1984 and since then, Iran has actively engaged in or directed an array of violent and deadly acts against the United States and its citizens globally. The United States designated Iran's Islamic Revolutionary Guard Corps (IRGC) a Foreign Terrorist Organization on April 15, 2019 for its direct involvement in terrorist plotting.
- Following the lethal strike on Iranian IRGC-Ouds Force commander Oassem Soleimani in Iraq, Iran, conducted a limited ballistic missile assault on two bases inside Iraq housing U.S. and allied forces. In the near term, we remain concerned that violent extremist organizations tied to the regime, including their various partner organizations, may continue to pose a general threat against American citizens and interests both overseas and in the homeland.
- Previous Homeland-based plots have included, among other things, scouting against infrastructure targets, assassination attempt against the Ambassador to Saudi Arabia in 2011, and cyber enabled attacks against a range of U.S.-based targets.
- Iran maintains a robust cyber program and is capable, at a minimum, of carrying out attacks with temporary disruptive effects against critical infrastructure in the United States. Based on Iran's historic homeland and global targeting patterns, the financial services and energy sectors, maritime assets, as well as U.S. Government and symbolic targets represent consistent priorities for Tehran's malicious operational planning.
- · Homegrown Violent Extremists sympathetic to Iran could capitalize on the heightened tensions to launch individual attacks, with little or no warning, against U.S.-based Iranian dissidents, Jewish, Israeli, and Saudi individuals as well as against the U.S. Government infrastructure and personnel.
- . The FBI, DHS, and NCTC advise federal, state, local, tribal, and territorial government counterterrorism, cyber, and law enforcement officials, and private sector partners, to remain vigilant in the event of a potential Iran-directed or violent extremist Iran supporter threat to US-based individuals, facilities, and networks consistent with previously observed covert surveillance and possible pre-operational activity.

Directions: Traveling from Kenai Airport Terminal, turn right onto Willow Street. Go ¼ mile to four way traffic stop. Go straight and take the first left onto Fidalgo Ave. Entrance to City Hall is right past the Kenai Police Department on the left.

Agenda

Introduction

The following agenda is for the Federal Emergency Management Agency (FEMA) Region X site assessment of Kenai Municipal Airport (ENA) located in Kenai, Alaska.

Purpose

The purpose of the airport site assessment is to allow FEMA to accurately assess the capabilities of Kenai Municipal Airport to support General Population (GENPOP) Air Evacuation or Air Reception operations, aeromedical staging (AS) operations, logistics staging area (LSA) operations, and/or air search and rescue (SAR) operations during an emergency event or disaster. The airport site assessment consists of airport data collection and inventorying of available airport equipment and logistical support to determine the airport's capability for accepting various types of civilian and/or military-type aircraft on the aircraft parking aprons/ramps.

The airport site assessment is the initial process in helping to provide detailed information about the airport for the purpose of developing disaster response air operations plans. Overall, the assessment will enhance planning and coordination in preparation for disaster response air operations at ENA airport, if requested by the State of Alaska.

Contract Overview

- Hurricane Katrina (2005)
 - No pre-event general population (GENPOP) air evacuation plan
- Post Katrina Emergency Management Reform Act of 2006
 - Directed FEMA to provide leadership to prepare for and respond to evacuation of potential victims
- Hurricane Gustav (2008)
 - Successful multi-modal GENPOP evacuation (air, motor coach, rail) conducted

- IEM contracted by FEMA to provide support to FEMA Regions
 - Contract name: FEMA Air Evacuation Aviation Ground
 Support
- Assess airport's features, capabilities, develop site plan, operations plan (OPLAN), and to provide operational support facilitating disaster response air operations

Non-disaster

- Preparedness planning (airport assessments, OPLANs)
- Training and exercises (Louis Armstrong New Orleans Int'l Airport)
- Pre-event operations (provide subject matter experts)

Disaster

- Operations: aircraft ground support services (marshallers, baggage loading, ramp coordination)
- Operations: passenger service support (security screening, aircraft manifesting)

- IEM will conduct onsite assessment in cooperation with airport authority and other appropriate entities
- Assess airport stakeholders' facilities, equipment, and services which could be used for disaster response air operations
- Identify capabilities and limiting factors for air operations

- Information is basis for developing OPLAN outlining:
 - Tasks to be performed during air operations at the airport
 - Staffing and equipment requirements at the airport
 - Coordination required to conduct air mission sets
 - Americans with Disabilities Act (ADA) accessibility requirements

Stakeholders

- Includes everyone with a responsibility for coordinating disaster response air operations
 - Local (Airport Management, Emergency Management, Fire/Medical Departments, Security)
 - State (Emergency Management, Aviation, National Guard)
 - Federal (FEMA, DoD, CBP, DOT/FAA, TSA, USCG)

Assessment Coordination Process

- FEMA Region coordinates with supported State to determine which airports are suitable for disaster response air operations
- FEMA HQ tasks IEM
- FEMA Region, State, and airport authority determine assessment dates

Airport Assessment Overview

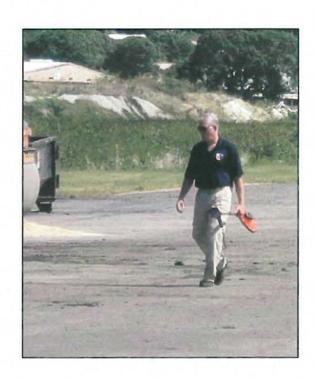

- IEM Assessment Team
 - AMC airfield survey experience
 - Civilian and military aviation backgrounds
 - Former airport managers
 - Emergency Management expertise
 - In-depth working knowledge and experience in emergency airfield and airlift operations and various logistics skill sets
 - Participate in FEMA air evacuation exercises

- What disaster response air operations we assess for:
 - General Population (GENPOP) air evacuations
 - Includes air reception component if required
 - Logistics Staging Area (LSA) operations
 - Aeromedical Staging (AS) operations
 - Air Search and Rescue (SAR) operations

- Airport assessment in three parts:
 - Part I: Airfield Data
 - Confirm airfield data (runways, taxiways, aircraft parking ramps)
 - Determine airfield's capability to accept various sizes of civilian and military-type aircraft
 - Determine maximum on ground (MOG) for parking/working aircraft

- Part II: Airport Support
 - Inventory aircraft and passenger ground support equipment (FBOs, airlines, cargo carriers)
 - Gather logistical information on aviation fuels, fire fighting, air traffic control, and security
 - Survey local area for hospitals, restaurants, hotels, rental equipment, etc.

- Part III: ICP, work areas, and
 ADA
 - Identify and assess a temporary Incident Command Post (ICP) for air operations
 - Passenger processing facility (PPF), aeromedical staging (ASF), ramp operations
 - Evaluate accessibility of all facilities for individuals with disabilities and others with access and functional needs

- Includes diagrams with specific taxi routes and parking areas for emergency response aircraft
- Includes digital photos, charts, and maps
- Includes technical details of the airport environment relative to operational planning
- Incorporates coordination with key airport stakeholders and agencies
- Accepted by Air Mobility Command (AMC) for airlift planning

Stakeholder Meetings

- Interviews with:
 - Airport Management
 - Airport Emergency Manager (or designated representative)
 - Airport Security
 - Aircraft Rescue and Fire Fighting (ARFF)
 - Fixed-base Operators (FBO) Representative
 - Fuel Suppliers
 - Airlines

Stakeholder Meetings (cont.)

- Federal Aviation Administration (FAA) Air Traffic Control
 Tower
- Weather
- U.S. Customs and Border Protection (CBP)
- Transportation Security Administration (TSA)
- Tenant Department of Defense (DoD) or National Guard (NG) Units

In Summary, Key Items Assessed

- Aircraft ground support
 - Marshaling, fuels, aircraft stairs, baggage loaders, and powers units
- Facilities for response personnel/coordination
 - ICP and Ramp Operations
- Location for a Passenger Processing Facility
 - Aircraft manifesting and security screening
 - Baggage handling and screening
 - Catering and crowd control

In Summary, Key Items Assessed (cont.)

- Cargo yard operating areas
 - Material handling equipment/operators and staging areas for tractor trailers
- Airport security access requirements
 - Certifications/training/badges
- Aeromedical patient staging facility
 - Ambulance staging area
- Air search and rescue operations site

FEDERAL CONTRACT TOWER PROGRAM (FCT) ANNUAL AIR TRAFFIC CONTROL OPERATIONS

FISCAL YEARS 2018 - 2019 (Ranked by Total Operations)

November 2019

Phone: (321) 574-5633

E-mail: dabyers@Quadrex.aero

Federal Contract Tower Program Increases Its Influence on the Air Traffic Operations

Federal Contract Towers (FCTs) handled over 15. 5 million operations in FY 2019, an increase of 5.1 percent over the previous year. Nationally, FCTs accounted for 35 percent of general aviation itinerant and 42 percent of local operations. Overall, 29.2 percent of all aircraft handled by air traffic control towers were by FCTs

North Perry Airport (HWO) in Hollywood Florida overtook Arizona's Phoenix Mesa Gateway (IWA) as the busiest FCT in FY 2019 with 290,000 operations, up 6.3 percent over the previous year and making it the 34th busiest airport in the country. The fastest growing FCT for the period was Castle (MER) in California which increased 83 percent.

The newest ATCTs making their debut in the FCT program included North Texas Regional Airport (GYI) in Grayson County, Texas and Albert J. Ellis Airport (OAJ) in Jacksonville, North Carolina which was commissioned in November 2018. In July 2019, the FAA annouced that it would begin accepting new applications for entry into the FCT program and some airports have received notices that their B/C had been calculated to be over 1.0 and are now officially considered candidates for the FCT program. The FAA Reauthorization Act of 2018 provided a streamlined B/C determination process as well as giving air traffic control tower projects "priority consideration" for access to AIP discretionary money for the first time through the Small Airport Fund.

About Quadrex

Quadrex Aviation provides comprehensive professional planning and development services for airports participating or interested in the FAA's Federal Contract Tower (FCT) program. Services include:

- FCT Benefit/Cost Analyses for New Starts and Cost-Sharing ATCTs
- ATC Development & Funding Strategies
- Site Selection & Comparative Site Analyses (CSA)
- Safety Risk Management (SRM) Assessments
- ATCT/Navaid Obstruction Studies
