The motion to amend was withdrawn with consent of the second.

Support was expressed for a future sports complex, and they considered what other parcels could be used.

The suitability of the name "Land Management Plan" and its recommendation definitions were questioned. Commissioner Kisena **MOVED** that the recommendation for 04327030, 04327031 and 04327032 on Map 17 remain as Retain, but the management intent of those parcels is such that parking would be allowed to support the adjacent softball fields. Chair Stephens **SECONDED** the motion.

INTRODUCTION

The City of Kenai's five-year Capital Improvement Plan (CIP) is developed by the Public Works Department in coordination with City departments, Administration, Boards and Commissions, and the City Council for the purpose of long-range capital improvement planning and budgeting. A capital improvement project is typically a one-time expenditure, usually, in excess of \$35,000, that has a useful life exceeding one year or is a major project such as a comprehensive or master plan. Capital projects on existing assets are included in the CIP, provided they meet the definition of a capital project. Projects can focus on immediate needs or anticipate future needs before critical failures and are developed based on an internal process that determines funding availability and infrastructure needs.

The CIP is divided into six parts based on the City Fund in which the project would be accounted for. These include the Airport Fund, General Fund, Water & Sewer Fund, and Senior Citizens Fund, Congregate Housing Enterprise Fund, and Personal Use Fishery Fund. Projects are not necessarily listed in priority order for each Fund by fiscal year. Active projects that have been funded in prior years are not included in the Plan.

Projects that are identified in the CIP are included for planning purposes and to recognize a need. Not all projects receive the necessary funding to accomplish them in a projected year, which is why the list is updated annually. Many projects are dependent on non-City funding sources, which the City can expect to seek, but are not guaranteed. The availability of outside funds can vary with local, state, and federal economies, and the City's needs can, and do, change frequently.

MEMORANDUM

TO: Parks and Recreation Beautification Committee
FROM: Tyler Best, Administrative Assistant
DATE: February 8, 2022
SUBJECT: Little Free Libraries

The Friends of the Kenai Community Library have raised money to build little free libraries, which they would like to install around the City. Parks and Rec has agreed to review each site location on Parks land, and help with the install of the libraries. We would like to hear from you, and if you think all these locations would work within our current beautification goals and if you have any additional spots you think a little free library would look nice in the community.

Below are current and proposed spots for little free libraries:

1. Park by Children's Fine Art Center - old town park(proposed)
2. Vintage Point(proposed)
3. Field of flowers(proposed)
4. Private T &M home, by the library(proposed)
- 5.Private residence by Cunningham Park(proposed)
- 6.By the Russian Orthodox Church- on private property(proposed)
7. Linwood Road-private residence(proposed)
8. Forrest Drive- (current)already there by may be relocated for better winter access
9. Daubenspeck Park, (current) - already there but needs to be relocated
10. Municipal Park-(current)already there but needs to be relocated

If you are not familiar with a little free library here is several photos, a brief description and a video link to an into video.

A Little Free Library is a “take a book, return a book” free book exchange. They come in many shapes and sizes, but the most common version is a small wooden box of books. Anyone may take a book or bring a book to share. Little Free Library book exchanges

have a unique, personal touch. There is an understanding that real people are sharing their favorite books with their community; little libraries have been called “mini-town squares.”
