MEMORANDUM

TO: Mayor Knackstedt and Council Members
FROM: Council Members Grieme and Kisena
DATE: June 2, 2026
SUBJECT: **Ordinance 3523-2026 - Requested Amendment to the Draft FY2027 Budget Document (Audio Visual)**

This memo requests an increase of \$180,000 to the Fiscal Year 2027 Budget to improve the City Council Chambers audio visual (AV) infrastructure used for broadcasting and recording public meetings and other governmental communication.

Transparent and accessible government is a fundamental responsibility of the City and public meetings are one of the primary ways for constituents to observe and participate in the decision-making process. As technology continues to evolve and public expectations for remote access increase, the City's existing and aging AV equipment has become increasingly unreliable and inadequate to meet current operational needs and community expectations.

Constituents are accessing the City's public meetings via the City of Kenai YouTube Channel through live streaming or watching when it fits their personal schedules. The proposed improvements will enhance the quality, reliability and accessibility of public meetings by providing upgraded audio and video capabilities. These improvements will ensure residents who are unable to attend meetings can effectively observe and engage with their local government.

The requested amount is based on a quote received and would include complete replacement of the AV equipment and includes camera systems that focus on the speaker in the room and microphones with display monitors allowing presentations to be viewed clearly by those seated at the dais.

The following amendment is respectfully requested.

Motion

Amend the Draft FY2027 Budget Document as follows:

General Fund - Non-Departmental, page 111

Increase Capital Outlay & Transfers, Transfers by \$180,000.

Capital Budget, page 289

Increase Revenues, Transfers from General Fund by \$180,000.

For an overall increase of \$180,000 to the FY2027 Budget.

Thank you for your consideration.
