

- Quickly find information on virtually any topic
- Search news coverage from around the world

Get Started

- 1. Go to your library's page for: **Research**, **Databases**, or **Electronic Resources**
- 2. Click Access World News
- 3. Log in with your Library Card

Coverage at Every Level

Local

Search or browse information from your local area

State

Search dozens of news sources from across your state

National

Search news content from all 50 U.S. states

International

Search through more than 5,900 international sources from 172 countries

Why use Access World News?

- Offers extensive coverage and differing viewpoints from international, national, regional and local news sources
- Includes electronic editions of thousands of news sources from around the globe, large and small, many available only through NewsBank

Alerts 📑

Set an alert to have the latest news on an issue or topic delivered to your inbox.

- 1. Enter a search that interests you.
- 2. On the results page, click **Create Alert**.
- 3. Choose to create the alert as a registered user or without registering.
- 4. Specify the frequency you would like to receive your alerts.

If there are new relevant results, NewsBank will send them to you in an email.
