CROSS-COUNTRY SKIING

When conditions are right, the Kenai Parks & Recreation Department offers cross-country skiing at the Kenai Golf Course. Optimum conditions include 8"-10" of snow in order for the course to be groomed.

TRAIL DESCRIPTION

The Kenai Nordic Trail System is suitable for a beginner, yet challenging enough for an experienced skier. The terrain is predominantly flat with a variety of landscapes such as hills and passages through trees, which are incorporated into the design. The scenic views are beautiful, particularly at sunset.

TRAIL ETIQUETTE

- Please respect private property of local neighbors.
- Grooming equipment has the right of way. Please move well off the trail to allow equipment to pass safely
- No pets, fat bikes, running, walking or sledding on trails.
- Skijoring is allowed. Please keep skijoring dogs on leash at all times.
- Use caution, moose and other wildlife are common. Keep a safe distance at all times.
- When approaching a slower skier with intent to pass, shout "track" well in advance to alert the skier. The slower skier should step to the side.
- If you fall, please get clear of the trail and mend any damage to trail. Do not obstruct trail or visibility.
