2025 TRUCK FILL STATION PERMIT

DURING CITY WATER SHORTAGES, THIS PERMIT MAY BE SUSPENDED

COMPANY USING TRUCK FILL: _____

ADDRESS: _____

PHONE: _____ EMAIL: _____

LOCATION: 550 Daubenspeck Rd

USE CHARGE: 200.00 Yearly

TANK - Volume to be filled: _____

This permit authorizes Builders, Contractors, Landscapers, and other specified persons to use the City's truck fill station. By signing this form, the Permit holder agrees to operate the valves to the truck fill station at his/her own risk and agrees to indemnify the City for any loss incurred. The City of Kenai Utility Department must inspect all tanks before they are used at the truck fill station. The resale of water is strictly prohibited.

During use, open and close valves slowly. The main valve at the truck fill station will remain fully open. When using the truck fill station, users must comply with the State of Alaska, DEC requirements for backflow prevention. The Hydrant used to fill has been equipped with an RPZ (Reduced Pressure Zone) to prevent backflow and backpressure into the City of Kenai's water system. Permit holders must lock the fill station each time they are done using. Failure to lock the fill station may result in revoking the Permit holder's usage.

For key issuance, please contact the City of Kenai Public Works Department at (907) 283 - 8236. If a user notices any leaks, please notify James Hegar at (907) 283-8251 immediately.
