# **RESCISSION OF THE BOIL WATER NOTICE**

**City of Kenai's water service connections located east of Beaver  
Loop Road is no longer on a boil water notice.**

The Department of Environmental Conservation (DEC) has formally rescinded the boil water notice issued on January 8, 2019. This notice was originally issued because the water system experienced a water main break. Water pressure has been restored and the certified laboratory has verified that a total of 3 water samples collected on January 9, 2019 were satisfactory.

The effective date of the BWN rescission is January 10, 2019.

For more information regarding the closure of the boil water notice, please contact Jamie Bjorkman with DEC at (907) 262-3423.
